

January, 2017

To Whom It May Concern:

On April 28, 2017– the Putnam Transition Consortium and Putnam Independent Living Services are sponsoring

RESOURCE & TRANSITION FAIR:

Information for Youth with IEPs or 504 Plans to Prepare for Life After High School

The goal of this fair is to provide information on the opportunities and supports that are available to individuals with disabilities, both during and after school years.

We feel that it would be valuable to have your program represented at the fair. Your program's participation would involve setting up a table of information and speaking with participants highlighting the services you offer to individuals with disabilities and their families. We have reached out to all local schools in the area and advertised through public media.

The Transition Fair will be held from 3:30-6:30 at:

Mahopac Public Library

668 US-6

Mahopac, NY 10541

Tables and chairs will be available for you at no cost.

Please share this information with any interested parties.

If you are interested in participating in the Transition Fair, please fill out the lower portion of this letter and return it by April 1, 2017. Please note that there is limited vendor space available. If you have any questions, please contact:

Stephanie Wozniak at swozniak@pnwboces.org

Jessica Baumann at jbaumann@putnamils.org
